CONGRATULATIONS TO OUR BOARD MEMBER

COREY TENBENSEL

The Lake West Chamber Board and Staff extend our congratulations to Corey tenBensel, who has been elected President of the 15-member Lake Regional Health System Board of directors. It is truly an asset to have Corey on our Chamber board and we know Lake Regional will be just as impressed with his abilities. He is truly an asset to both boards. The press release follows below:

“Corey is a great asset to the board,” said Michael E. Bean, chair of executive officer of Lake Regional Health System. “His leadership will help make area residents and visitors continue to have access to quality health care close to home.”

According to tenBensel, serving on the health system’s board of directors is truly an asset to both boards. “A strong, continuously evolving health system is vital to the stability and growth of the lake area,” he said. “As president of the board, I look forward to having a positive and lasting influence on the health and well-being of our community.”

After earning a bachelor’s degree in business administration from the University of Nebraska in Kearney, tenBensel moved to the area to join CoBank Cooperative, currently serving as director of member care and development. He is serving as a director of the Friends of Lake Regional, Friends of Lake of the Ozarks Economic Development Council, the Friends of the Lake of the Ozarks Planning Commission and a director of the Lake of the Ozarks West Chamber of Commerce.

Lake Regional Health System
Board Elects tenBensel as President

OSAGE BEACH, Mo. – Lake Regional Health System is proud to announce that Corey tenBensel has been elected to serve as president of its 15-member board of directors. The uncompromised board provides governance and oversight of Lake Regional Health System. According to tenBensel, serving on the health system’s board of directors is truly an asset to both boards. “A strong, continuously evolving health system is vital to the stability and growth of the lake area,” he said. “As president of the board, I look forward to having a positive and lasting influence on the health and well-being of our community.”
